**DAILY KOS**

Sometimes the crazy just needs to be shared, and here at the [Military Religious Freedom Foundation](#) (MRFF) we certainly see our share of crazy, mostly in the form of emails sent to us by irate fundamentalist Christians. In the midst of the constant flood of anti-semitism, racism, Islamophobia, anti-LGBT opinions, and just general Christian “love,” we occasionally have someone take to their keyboard with a message straight from God that they feel needs to be shared with us. MRFF founder and president Mikey Weinstein recently had a little email chat with one such divinely directed emailer.

I want to say that I thank you for your service to our country. I am sorry for any threats given by men toward you. I appreciate your time in speaking with me. I sent you those youtube videos in the hope that you could dare to think that maybe the God of the Bible does exist. How can you explain God telling me about Sayeed and many many other things before they happened. So I want to tell you one last thing then when it happens you will know that the God of Israel does exist and that He is the only God that lives. God told me that China and Russia and a few others will attack the United States. They will destroy Washington DC and New York

They will hit Florida and the central U.S. they will strike California San Francisco and L.A. Washington state is also hit with nuclear weapons. There will be an EMP FIRST followed by a earthquake. The Rapture of the Church will occur so all children under the age of accountability will be taken as well as the dead in Christ and those who are born again. Get a bible study it. There will be destruction of Russia and China a one world government will form. You must not take the mark. When you see this you will know that God is real. I am sorry that you must go through what is coming. America has lost her way

OK (name withheld), thanks for reaching out... However I totally reject the fact that "God/Jesus" speaks with you and tells you all the things that are going to happen... The Apocalypto holocaust and carnage you describe regarding China and Russia et Cetera and a nuclear war is supposed to happen when?... 4 PM today East Coast time?... 400 years from now?... 4000 years from now...?... You are, of course entitled to your own opinions but you are NOT entitled to your own facts...How long has God/Jesus been chatting with you,(name withheld)?

I sent you links to videos that I made of a few things which have happened. The meta data is in coded into the video it shows the date that I made the videos that can not be altered. God told me Sayeed would be killed 30 days later it happened. God told me Trump would be the nominee before the first debate and that there would be 5 and that happened. If it was not God who told me these things

God also gave me the name of a man in the Israeli government and what he was working on a thing that only Israeli intelligence knows and that was confirmed. Many things God has shown me how it is possible. I was not serving the Lord for 17 years when he began to speak to me

God does speak to believers in Christ in what the Hebrew scriptures call the Ruach Ha Kodesh (Holy Spirit) in a still small voice. Mikey, if God can speak to Moshe through a burning bush, which as a Jew I would assume you would know about, then why can't He still speak today. The Tanakh says that God also spoke to the prophets of old as well as through His Son Yeshua. Today God speaks to believers through His Word, fellow believers in Messiah, and through His Holy Spirit which indwells every believer once they have accepted Messiah as their Savior. The reason Mikey you have never heard Him is because you do not know Him, but He knows you! He knows what you are going to think before you think it, or do before you do it, all the way up to the very day you die.

Shalom,

Mikey claims a long heritage of veterans, I'll match mine against his any day. Your site tells of his family from WW 1, WW 2 thru the war on terrorism.

Well my family's has had a Veteran in every conflict the U.S. has ever faced, (many gave their lives). Some even before it was a country. Coming here as Colonists in 1650's. I will pray Mikey finds forgiveness for his misguided attack on the Christian faith and Gods book. BTW... It was Christian morals and the faith in that book that of the 16 generations of my family and families like mine, founded, built and defended this country. I am proud to say, I too am a Christian that served our country to defend our freedom as a U.S. Navy Veteran. I carried a bible everywhere the Navy took me.

Mikey should take care, God allowed him into this world and God can just as easily take him from it, to judge him. Just maybe he should read it. John 3:16

Your inbox is deluged with hate mail? Go figure.....Now that you've had your 15 minutes of fame and stabbed 98% of your fellow veterans in the back, you think you could go ahead and lock up your cum suck now? (military term, not sure if you actually know it)

Lets raise money for your cause. How about an octagon match, you versus me? All legal and on the up and up. All profits go to your charity and I'll give mine Wounded Warriors.....50/50 split. Oh, by the way, this is a legit invitation. I bet Vegas would roll out the red carpet. You'll like that part, yes? All the attention? Think of all the good we could do for veterans! Your charity, WW. They would make a fortune! And for the record, I'm not affiliated with WW, didn't want them to get too upset when you have a meltdown over this email.

You in? Of course not, you won't even have the balls to respond, I'm sure you lost them years ago from the looks of it.
